VIDEO GAME DESIGN CAMP 2018

Monday July 30th *to*
Thursday August 2nd

11am–3pm

ACT NOW!!

What are games?

What sets them apart from other media?

How easy/hard are they to make?

Apply at hive.saysi.org/camp

VIDEO GAME DESIGN CAMP 2018 is offered **FOR FREE** to 8th–12th graders.

Learn to use the same **FREE** tools professionals use and how to expand them. No knowledge of programming is necessary, but bravery in the face of code is a must.

At the end of the 4 days you will have a 3D game world with all the scaffolding set up for a first-person exploration game. Finish on your own time, come back for feedback.

Submit your completed game to the Scholastic Arts and Writing competition for a chance at scholarships and an award ceremony at the Carnegie Hall in NYC!
